ANNUAL REVIEW

AGM 2018

Thursday 20th September 2018

CO-CHAIRS REPORT

Welcome everybody,

Once again as we sit down and review the previous year, we can all collectively look back on the 2017/18 school year with an overall sense of satisfaction and pride for what we have achieved in an incredible year for us and our school.

For a number of years, we have been working with the school to identify a large scale item that we could target our fundraising to be able to achieve, at our AGM in September last year the challenge was set to contribute £6000 towards adding additional learning space to the school.

As the Treasurers report will detail we have been successful in raising over £4,400 from our events held during the 2017/18 school year, we have also had £1,643 generously donated from businesses in the local community, in direct support for the conservatory project. As a result, collectively, we have been able to meet this target and the additional learning space is now a reality and a lasting legacy of the PTA's and everybody's efforts.

Our initiatives and events over the year included something new such as Christmas cards and the Race Night alongside our biggest fundraisers, the Christmas & summer fayres and family favourite, chocolate bingo.

We are part of a committed and dedicated team that have formed a great friendship with the common aim to raise valuable funds for our children, our school and together achieving the ambition to make them the best they can be. As we start a new year we would like to place on record a huge thank you and gratitude to April Broadberry & Teresa Roper for their dedication and commitment to the PTA and school community over many years as they step down from roles they have held and contributed valiantly for many years.

Thank you again for everybody's effort and the continued dedication you all given, it has been great to have welcomed Guy and Paula on board this year and look forward to working with you and our new committee members all again over the coming year.

WHAT HAVE WE ACHIEVED IN THE 2017/18 SCHOOL YEAR?

Together we have raised an incredible amount of money for our school which has enabled us to:

Contribute £5,810 towards the conservatory project

Contribute £104 towards Foxes trip to Pleasurewood Hills

Supply Leavers T-Shirts for Year 6 students

Fund end of year disco & refreshments for whole school

Provide Christmas presents for all students

THE CONSERVATORY PROJECT

We are very proud to have embarked upon and supported the challenge of adding valuable additional learning space to our school.

Having set a huge target of raising £6000 over the course of the year, the entire PTA team worked tirelessly in our efforts to be able to achieve this through some very successful events and new fundraising initiatives.

We were also able to assist the children with their 'Grow Your £10' project by facilitating the Craft & Enterprise Fayre to sell their products and services.

Working alongside the wider Copdock & Washbrook community, we have collectively been able to meet our targets and the additional learning space is now a reality and a lasting legacy of the PTA's and everybody's efforts.

THANK YOU

We would like to record a massive thank you to everybody who has assisted the PTA in many ways over the last year.

Thank You: April, Jo, Teresa, Guy, Rachel, Paula, Dan, Graham, Ruth, James, Emma, Melissa, Stacey, Amanda, Nicola, and the many others that have baked, donated and attended our events.

You have all made the difference again this year in helping us raise valuable funds for our children, our school and together achieving the ambition to make them the best they can be.

A final thank you and our gratitude to April Broadberry & Teresa Roper for their dedication and commitment to the PTA and school community over many years as they step down from their roles, the PTA we have and are part of today can be attributed to the outstanding contributions from these two parents our friends.
