We have four different football classes each tailored to a different age group. However, we have two core beliefs that we take into every session.

Firstly, we believe in something we call "**Play not Push**". It means teaching football in a fun, pressure-free environment. We want to give children a positive introduction to sport as a whole, not just football, so they're more likely to stay healthy and active throughout their lives.

Secondly, we believe **football can be educational**. Coached in the right way it can stimulate imagination and aid early development skills such as learning colours and numbers, following instructions and playing as a team.

We currently have limited availability at our venues in **Ipswich, Felixstowe, Kesgrave and Wickham Market**.

Please visit [www.littlekickers.co.uk](http://www.littlekickers.co.uk) and click on 'Find a class'. Search for your closest location then click on 'Details' next to the class you're interested in.

## SWIMMING OFFERS VITAL LIFE SKILLS TO CHILDREN

Learning to swim is a vital life skill which every child should experience. Swimming lessons teach children independence and give a sense of accomplishment as they feel themselves improving.

As well as offering a whole-body workout like no other, swimming helps children to keep active while having fun. It also gives children the ability to get themselves out of potentially dangerous situations, enabling them to fully enjoy trips to the seaside and beach holidays.

Everyone Active's awarding-winning learn to swim programme offers lessons for all ages, with child classes starting at four months, right through to adult classes. These are available at sites around the country, including Mid Suffolk Leisure Centre in Stowmarket, and Stradbroke Swimming Pool & Fitness Centre.
