5 November 2024

Dear Customer

UPDATE: Important roadworks information
A14 between junction 52 and 55 - maintenance

I am writing to update you on our work currently taking place on the A14 between junctions 52 (Claydon) and 55 (Copdock Interchange).

We have now started work on the westbound carriageway and closures are planned to be in place until **Friday 29 November**. Following this, we plan to complete work on the eastbound carriageway from **Monday 2 December** until **Friday 13 December**, weather permitting.

Closures and diversions

To carry out the work safely, we will need to close the A14 between junction 55 (Copdock Interchange) and 52 (Claydon), and divert traffic as detailed below:

- While the A14 is closed westbound, traffic will exit at junction 55 (Copdock Interchange) and travel along the A1214 and A1071 then along the B1113 through Sproughton and Bramford to rejoin the A14 at Claydon.
- The eastbound diversion will be the same as above but in reverse.

Following feedback from residents, when full closures are required on the A14 eastbound carriageway, we will implement a road closure at Paper Mill Lane to prevent unsuitable vehicles using this as a cut through. Access to the Premier Inn will still be available.

Additionally, there will be slip road closures on the A14 eastbound carriageway as follows:

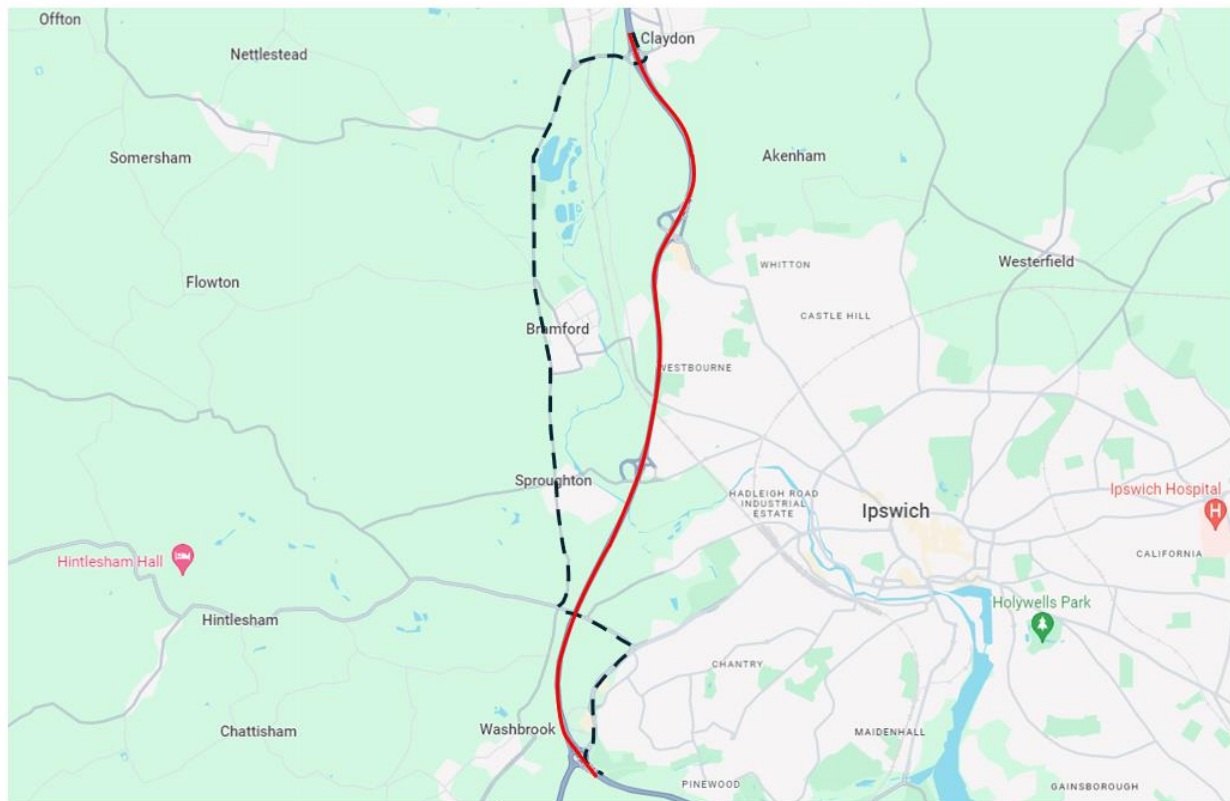

- A14 eastbound junction 54 - **Saturday 9 November** and **Saturday 16 November**

Any drivers affected will be diverted up to the next junction to return on A14 westbound.

We will continue to monitor traffic on the diversion route and work with local representatives to mitigate disruption to residents living on the B1113.

A map of the diversion can be found below.

A14 closure and diversion between Copdock and Claydon
