# Christmas Gift Box Instructions

Follow these simple instructions to make your own Christmas gift box.

You will need:

• Gift box template   • Scissors   • Ruler   • White glue

Instructions:

1. Choose a gift box template. You can choose from the snowman, gingerbread, penguin or Santa template.

2. Cut out the larger body template. Take care to cut along all the solid black lines.

3. Cut out the smaller head template. Take care to cut along all the solid black lines.

4. Fold along all of the dotted lines. Use a ruler along each line to keep a straight edge as you fold.

Follow this diagram:

All the dotted lines fold down (a hill fold). The two 'dotted and dashed' lines fold up (a valley fold).

1. Cut
2. Hill Fold
3. Valley Fold
4. Glue

Valley Fold (fold down)   Hill Fold (fold up)

Making the body:

5. Take the larger template. Add glue to tab 1 and join it to the other side.

6. Add glue to tabs 2 and 3 and join them to each side to join the feet. Hold until the glue has dried.

7. Add glue to tab 4 and join it to the base.

8. Glue tab 5 to the side with the Twinkl logo to complete the bottom section of the body.

9. Look at the top of the body. Join the two semicircles together with a small dab of glue.

Making the head:

10. Take the smaller template. Add glue to tab 6 and curve it around to attach it to the other side. Hold until the glue has dried.

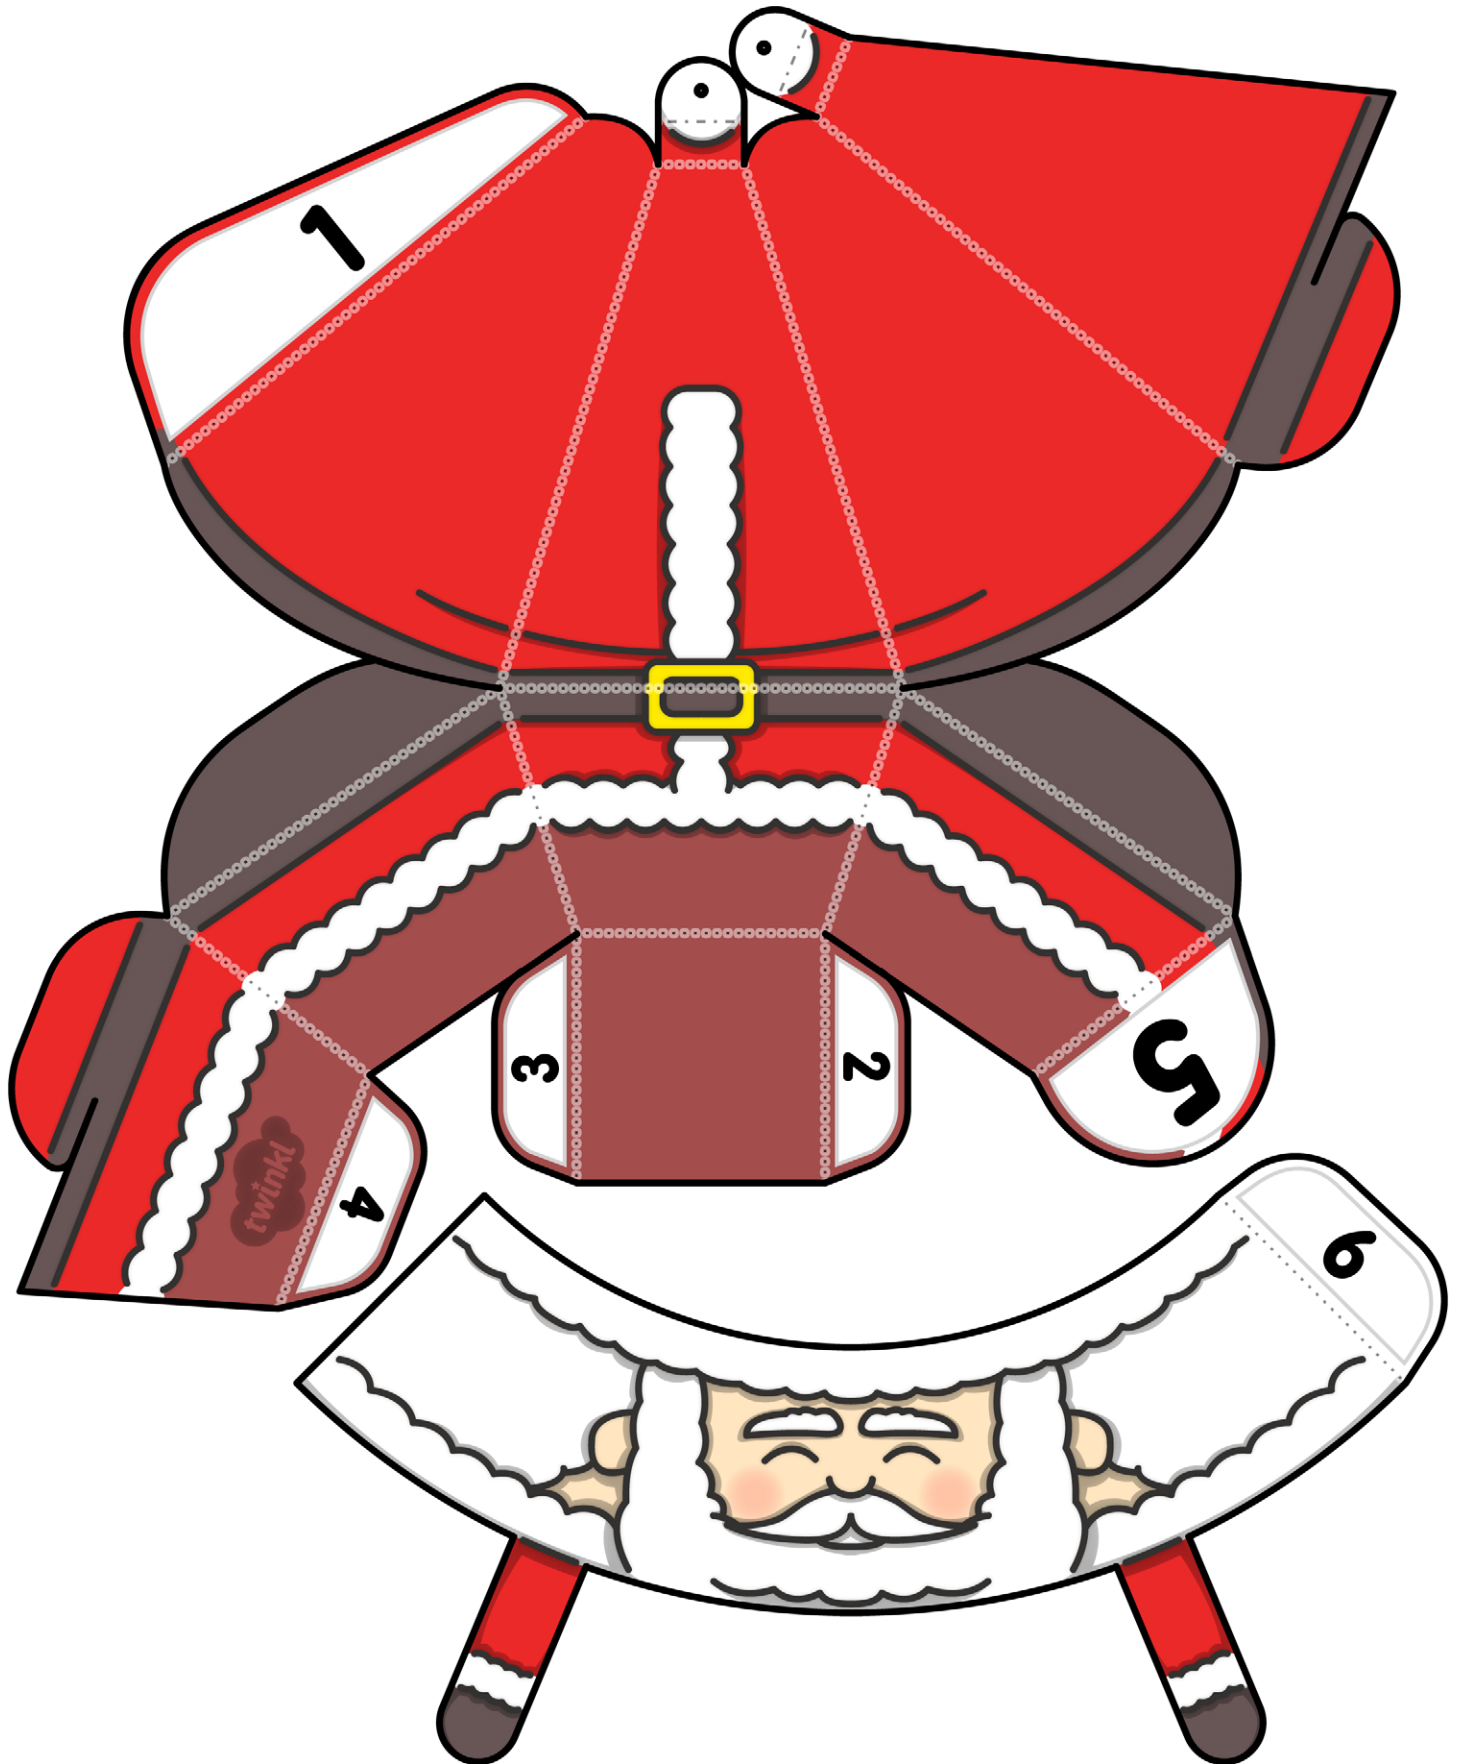

Joining the head and the body:

11. Add glue to the white side of each arm or wing.

12. Place the loop of the head section over the body section and push the arms or wings into place at the sides until the glue has dried. Look at the picture of the finished model to help you.

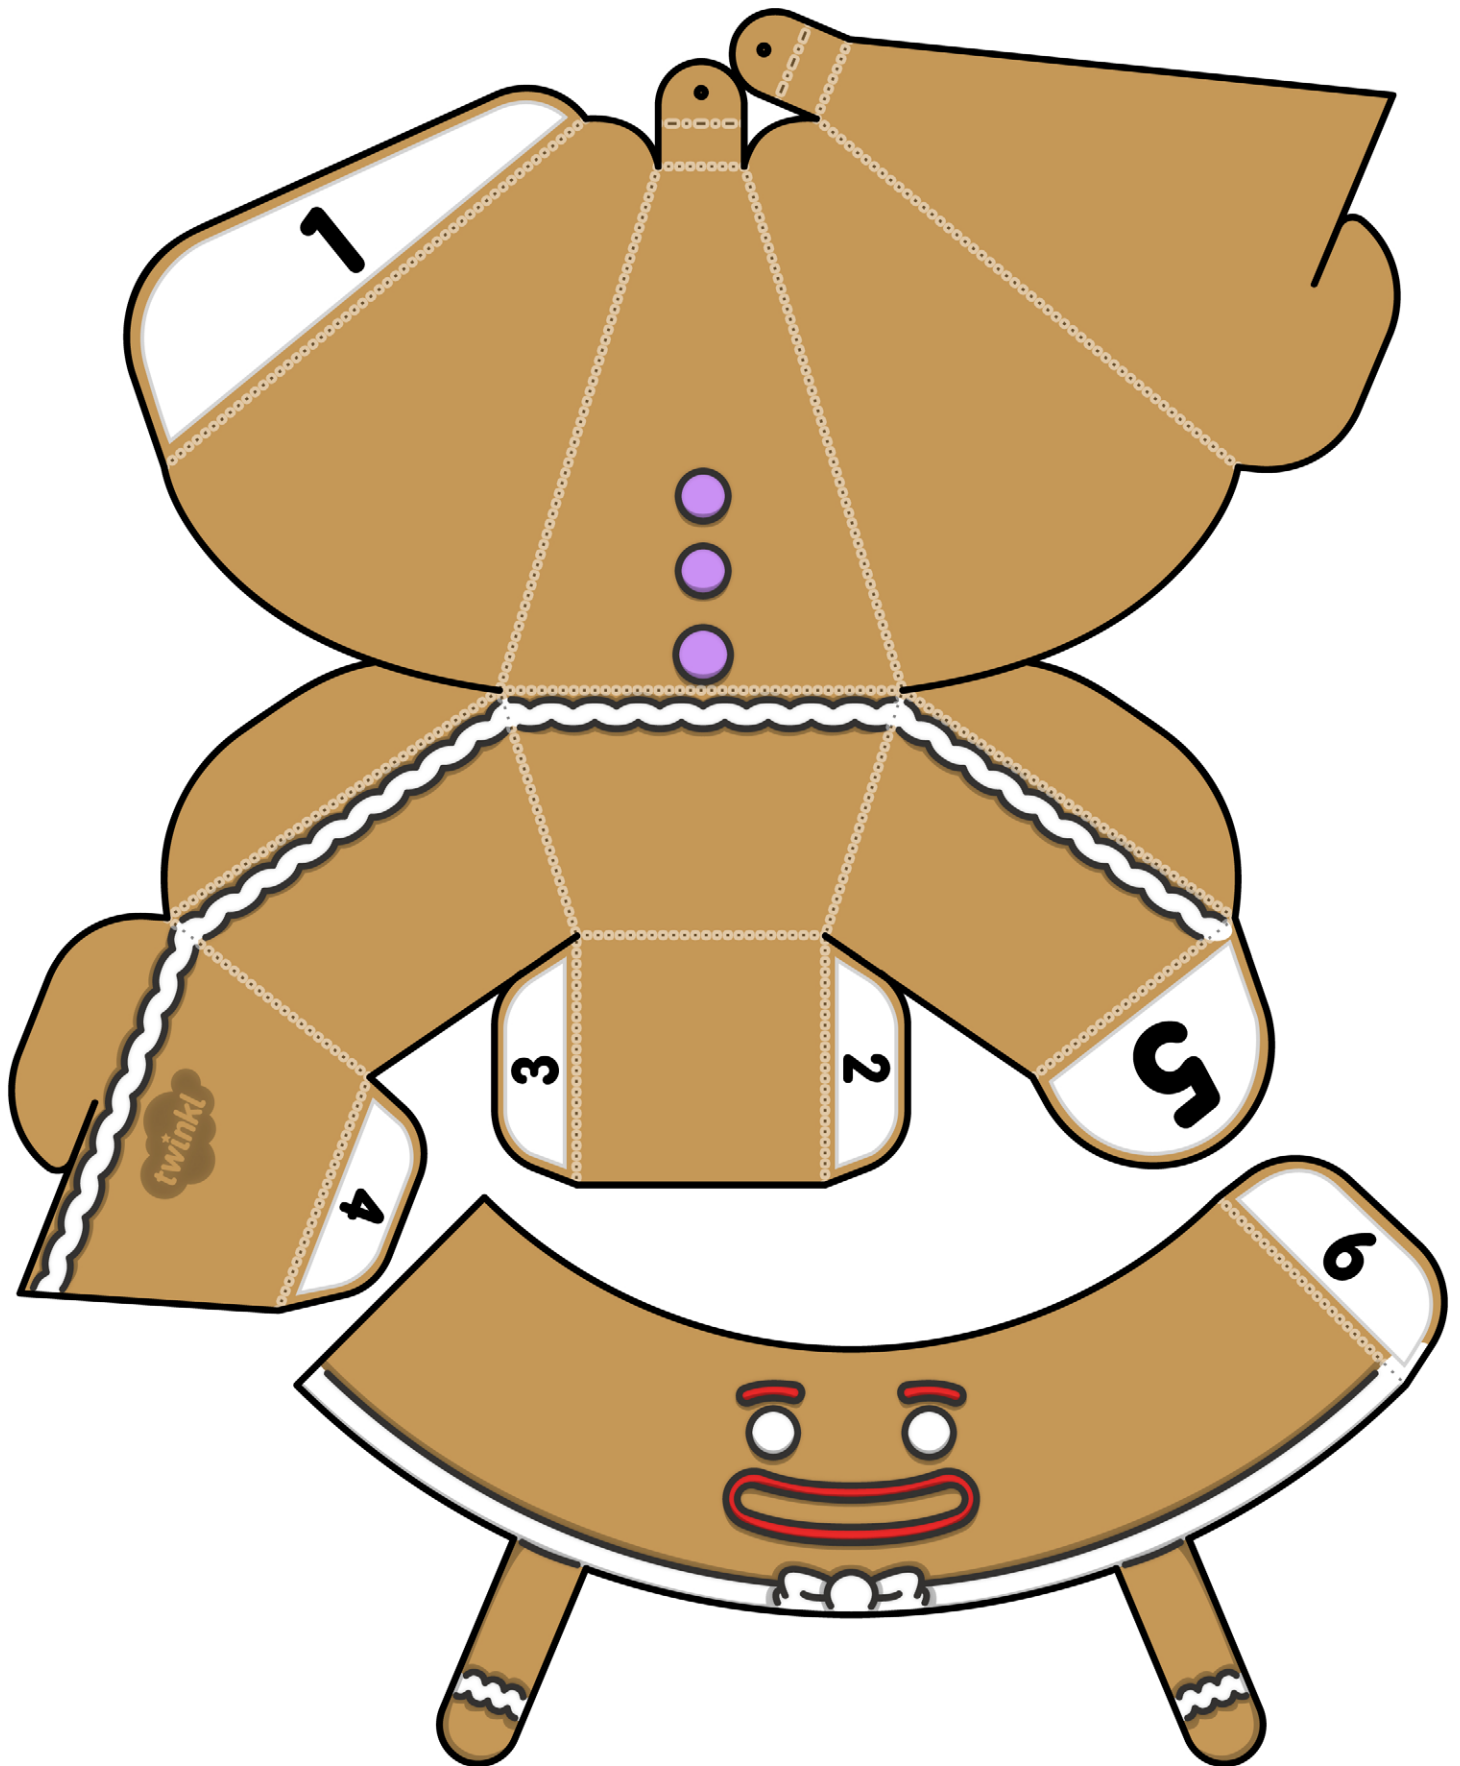

Using your gift box:

13. When the glue has dried, you are ready to fill your gift box with small toys or treats! Place the treats in the bottom section, then fasten the top to the bottom by slotting the paper slits together.
