

Mon 28/3/22

I can divide into groups and draw an array

I can write the expression

Gloves are sold in packs of 2. The shopkeeper has 14 gloves. How many packs can they make?

Hats are sold in packs of 5. The shopkeeper has 20 hats. How many packs can they make?

T-shirts are sold in packs of 10. The shopkeeper has 20 T-shirts. How many packs can they make?

Skirts are sold in packs of 2. The shopkeeper has 12 skirts. How many packs can they make?

Skirts are sold in packs of 2. The shopkeeper has 26 skirts. How many packs can they make?
